

OHRDP

SUPPLY CATALOGUE

Version: 1.3
Published: July 2023

CONTENTS

This catalogue includes information on all supplies coordinated for distribution through the Ontario Harm Reduction Distribution Program (OHRDP) to Needle Syringe Programs (NSPs) in Ontario. It includes images of the products, their packaging, as well as detailed specifications.

This information serves to assist with inventory management practices, including the development of resources for community agencies and other access points. The various container sizes and their official names are included to establish consistency in future communications and data recording. On occasion, OHRDP may need to send a product that is different than what is displayed here. In such an event, please be assured of the quality of the substituted product. **This supply catalogue is not an order form; the OHRDP order form is available through the NSP portal on our website: ohrdp.ca.**

To support knowledge of harm reduction supplies, see 'Connecting – A Guide to Using Harm Reduction Supplies as Engagement Tools' on the OHRDP website <https://ohrdp.ca/connecting-guide/>
