

How do I log into the CAMH SAP Portal?

Requesting access

To request access to the CAMH SAP Portal, submit an issue to the [ONHRDB Service Desk](#). Please indicate:

- Your agency
 - If you work for the MOHLTC please indicate your **directorate**
- Your full name
- Your email address
- Your role

First time login

The ONHRDB System Administrator at CAMH will send you the following in order to log into the Analytics Portal for the first time:

- A URL link to the portal (bookmark this)
- Your username
- Your temporary password

If your firewall does not allow you to access the portal, contact your IT and request that they **open port 8443**. This should resolve the issue. If the issue persists, contact [ONHRDB Service Desk](#).
